The SUPERGEAR PRO screen is equipped with an aluminium case which design is very modern

- Fire-resistant white projection surface

- SRS (Slow return system) shopping device on the whole length which controls the progressive rising up of the weighing bar

- Its Speed Solo system enables you to place directly the screen on the wall or the ceiling very easily. The screen slides into the brackets and is then fastened with a simple tool.

- Winding mechanism preventing the screen from locking in the down position when unrolling excessively

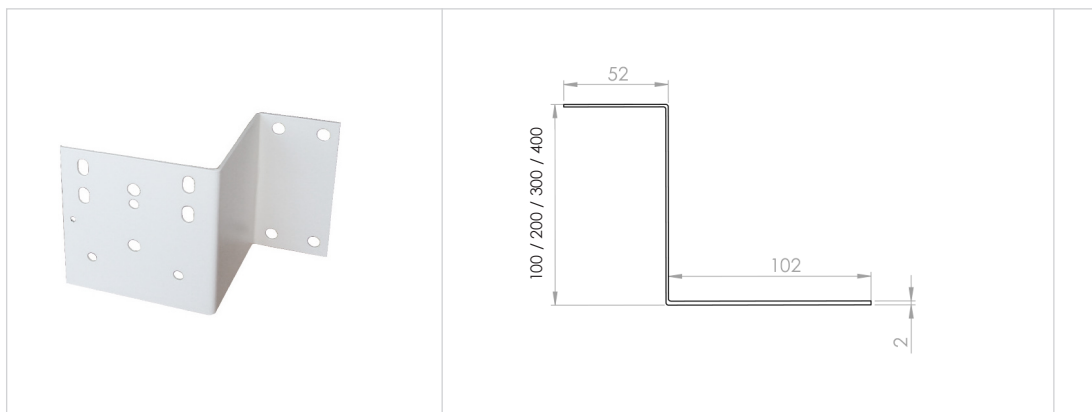

- Load bar integrating the canvas

- Sliding mounting
