

Front and side view

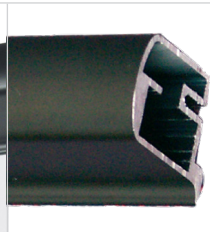

- A Image height
- B Image base
- C Frame height (A+8)
- D Frame base (B+8)

Discreet, the thickness of its profile ensures a quality projection.
Easier to mount...without special tools!

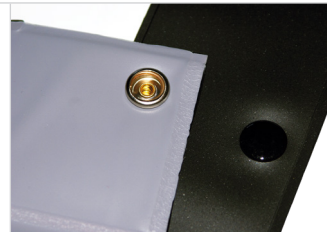

Black anodized

Profile of the frame

The screen fabric is fixed with snap buttons

OPTION: removable legs: black anodized feet with parallax compensation

The special Video screen:

- Is more rigid, design and easy to assemble,
- Avoids the projection of shadows on the image.

The whole system can be assembled in a few minutes without any special tools. The frame is set up and locked by clipping.

The screen fabric is fixed at the back of the frame with snap buttons.

The special Video screen can be mounted on the ceiling, on the walls or on a stand (optional).

Easy installation, fitting any configuration.

Overall size : image format +8cm
